He gave a presentation [see attached] explaining their efforts. He also handed out a "How To" document [see attached] outlining the steps people can take to help identify PARC assets to Google so that residents and visitors can find them. He asked that the PARC Commissioners start submitting missing locations and adding images to existing locations.
- 6) Director's Report Director Fitzsimmons gave a presentation [see attached] highlighting items from his June report.

### 7) PARC Commissioner Recommendations & Reports

- a) Items to be placed on record None
- b) Commissioner Reports
  - 1) Commissioner Rob McCloskey No report
  - 2) Commissioner Trey Fouche He commended the staff on Symphony in the Park. He and his family enjoyed it, the lines were not too long, the church group in the kids' area was friendly, traffic was not bad, heard zero complaints. People are very aware of the coming Antiquity Greenway and are looking forward to it.
  - 3) Commissioner Meghan Stamper Absent
  - 4) Commissioner Carol Livingston No report
  - 5) Commissioner Chris Kolkhorst He shared an article from NCRPA's "Recre8" summer issue [see attached] regarding the collaboration between PARC and Lake Norman Wildlife Conservationists.
  - 6) Commissioner Andrew Heywood He attended the Cornelius Jazz Festival and Symphony in the Park. The symphony event was a highlight, most proud moment, everything was so well done, and VIP parking was great. He still would like to find ways to appeal to young adults without kids. He asked about the LKN Bike Expo and community ride that were cancelled back in May. Director Fitzsimmons said they would be rescheduled as a tie-in with the Antiquity Greenway opening

- 7) Commissioner Dave Rusk He attended the Memorial Day event; it was very moving.
- 8) Commissioner Travis Dancy Absent
- c) Chair Scott Higgins –In May, he participated with the Bike to School Day and attended the Memorial Day event. On June 1, he attended the *Beyond Walls* reception with Marisa Pascucci; though the event was not well attended, Marisa does an amazing job and the artwork is great. He gave welcoming comments at Symphony in the Park and reported that Will Keible, Director of Marketing and Corporate Support for WDAV, said they were bombarded with positive feedback the event. He has attended several Antiquity Greenway meetings, was involved with the mayor putting the last tread on the bridge, and has enjoyed watching it transition from a swamp to a beautiful greenway. He was contacted by Allen Tate Realty in Davidson to participate in a video to talk about the Cornelius greenways. They have finished one and two or three more videos are planned. He shared that the *Herald Citizen* featured our Emerald Necklace and, in the same issue, they ran an article about Huntersville trying to come up with a catchy name for their greenway system. Cornelius is way ahead of the other northern towns on greenways.
- d) Town Commissioner Report Commissioner Denis Bilodeau Mecklenburg County will have a quarter of a penny tax increase on is next ballot. 45% of the money, or \$22.5 million, would go to the Arts and Science Council; 30%, or \$17 million, would go to County parks and greenways; 18%, or \$8 million, to education; and \$2.5 million to arts and culture projects and parks in the county's small towns, of which \$598,000 is estimated for Cornelius. He urged the PARC Commissioners to study and consider the merits of the proposed increase.

### 8) Old Business

a) Lake Cornelius Update

Director Fitzsimmons said the project continues to progress, with discussions focusing on locating the access on YMCA property. Town staff have met with the Lake Norman YMCA's Executive Director, Matt Fitzwater. The Y's Director of Risk is on board but still checking with their insurance carrier. They will meet again on July 30.

b) Bailey Road Park Tennis/Pickleball Complex Update

The FY20 budget has set aside \$1 million towards the project, if the Town can get someone to purchase naming rights and sell a ground lease for a restaurant in the park. The master plan for Bailey Road Park will have to be revised in order to move forward, so there would be a public workshop as part of that process.
